

Hawke: Cold Fury Hockey Series, Book 5

Off the ice, elite defenseman Hawke Therrien enjoys his fair share of booze and good times. And why shouldn't he? He's worked his way up from the minor leagues and made himself a star. The only thing Hawke misses from that life is the pierced, tattooed free spirit who broke his heart without so much as an explanation. She's almost unrecognizable when she walks back into his life seven years later, except for the look in her eyes that feels like a punch to the gut. Vale Campbell isn't the same girl she was at 20. As crazy as she had been about Hawke, her reckless behavior and out-of-control drinking had started to scare her. She had to clean up her act, and that never would have happened with Hawke around. Cutting him loose was the hardest thing Vale ever had to do - until now. Because she's still crazy about Hawke, and if he could ever learn to forgive her, they just might have a future together.
