

New Forever

****This book is intended for a mature reading audience and isn't suitable for readers under the age of 17.**** Haunted by a past Max can't seem to escape, he invests everything he is into Hayley. He pampers her and shows her a love she never knew she could experience. His entire life revolves around making her happy and eventually protecting her from his demons. Even if that means hurting her in the process. While Max tries to pick up the pieces of his broken past, Hayley protects her own heart the best way she knows how - through laughter and mayhem. But when secrets unravel, both must decide what is most important. Feeling more vulnerable than ever before, they must fight for each other and for themselves. ****This is an interconnected standalone for Love, Always.****
