

Fate threw them together. A common goal united them. They were the Outcasts, men unwanted by their own kind, with no one to trust but each other. Together they rode through the West, determined to find a land where they could live their lives in their own way. But that search had to wait once the Outcasts came upon a young boy in danger. After his own blood kin was cruelly murdered, the boy was left an orphan, and the only witness to the cold-blooded crime. The Outcasts knew they had to help the boy find a home, but they didnt know the killers were on his trail, determined to silence him for good.
