

Drawn to Her (Southern Heat Series Book 1)

Feisty and outspoken, Lexie McKenna will do anything to protect her cantankerous and ailing patient even if it means going up against his cold and calculating, but sexy and irresistible, grandson. After all, as a nurse, her number one priority is her patient. Drake Carmichael doesn't trust the nurse who's taking care of his grandfather despite how adorable and compassionate she seems. He refuses to let her get her grips into their hard-earned money. But as the two square off and begin to battle about what is best for the dying man, Lexie and Drake realize they know very little about each other and that first impressions are deceiving. Once they finally give in to their desires, the battle has only just begun. With a fight between family and fortune, love and lust, will either one be able to find the southern comfort they both truly crave?
