

From the depths of the poverty-stricken West Virginia coal mines to the heights of power as one of the nation's most prominent and feared labor organizers, "Big Dan" Huggins is a hero worthy of Harold Robbins' attention. Recognized as one of the world's most captivating storytellers, Robbins has written what is arguably the most significant book ever published about the rise of the labor unions in America. Born to a life of violence and tragedy, Dan becomes one of the most powerful and dangerous labor organizers in the country at the expense of his personal relationships. He's a man who embraced violence, fierce ambition, lust and a deep hunger for justice even as he accumulated personal wealth, fame and power. The novel opens at Dan's funeral, where his estranged son Jonathan is relieved by his father's death. But Jonathan is quickly thrust into his father's role and must return to his father's origins to better understand the man who shaped his past and continues to shape his future. Looking into the lives and childhoods of both father and son, *Memories of Another Day* gives a close look into the perks and costs of power. Robbins' gift for combining popular fiction with the most pertinent subjects of the twentieth century allowed him to create a snapshot in time. In this novel, Robbins creates a magnificent epic portrait of fifty years of the bitter birth and tarnished maturity of American labor. Relevant, respectful, and engaging, *Memories of Another Day* proves once again why Harold Robbins' books have sold more copies than almost any other American writer in history.

Edgar Huntly; Or, Memoirs of a Sleep-Walker (Dodo Press), Twilight of the Eastern Gods, Babe In The Woods, Taboo Tree, Tumbleweeds: A Novel, The Villa, Leos Chance (A Sign of Love Novel), No Debo Amarte (Spanish Edition), Avant-Guide Chicago: Insiders Guide to Progressive Culture with Booklet (Avant-Guide Chicago: Insiders Guide for Urban Adventurers),
