This is truly a MUST READ!!! ~Kristen Karwan Another Review of Becoming Invisible: OMG! Now Im HOOKED on this series! Im a fan of the TV show Criminal Minds and claim to be a profiler that can detect serial killers. Well, Ive decided that Tiffany Carmouche could get a job writing for them because this series is better than that. And did I mention that there is a sexy rock star and a hot bartender? This story keeps getting better and better and better. Im sitting on the edge of my seat biting my nails and peeking through a crack between my fingers that are covering my eyes. But I cant stop reading! You wont be able to either. Each book in the Alaska series allows you to get closer and fall more in love or hate with the characters. You will join me in hating the villains, rooting for the lovers, screaming at your kindle, and needing to call 911 when you begin to have heart palpitations. These books are full of love, humor, action and suspense. There is something for everyone. Get to 1-clicking, you wont be disappointed! ~Rose Puls What are people saying about The Alaskan Heart Saga?
