

With their penetrating psychological insight and their emphasis on human dignity, respect and forgiveness, Dostoyevsky's early short stories contain the seeds of the themes that came to his major novels. *Poor Folk*, the author's first great literary triumph, is the story of a tragic relationship between an impoverished copy clerk and a young seamstress, told through their passionate letters to each other. In *The Landlady* Dostoyevsky portrays a dreamer hero who is captivated by a curious couple and becomes their lodger. *Mr Prokharich*, inspired by a true story, is a sly comedy centring on an eccentric miser, and *Polzunkov* is a powerful character sketch which, in common with the other tales in this volume, questions the very nature of existence.
