Previously titled Finding Narragansett For years, Julian has kept her emotional struggle a secret from her mother. Now, at 21, she's still unsure whether she should once and for all learn about the family that didn't accept her, or continue living her life with the emptiness in her heart. Jules finally makes the decision to return to Narragansett, Rhode Island after 10 years, upon hearing the news of her father's death. It's supposed to be an in and out trip: make peace with her heart, then return to Manhattan immediately. Only, she has no idea just what her deceased father has in store for her. Several obstacles continue to prolong her stay, and over time, Jules finds herself starting to trust the family that had denied her in the past. But just as she starts to discover the other side that was missing, Julian gets entangled in a web of lies and unexpectedly finds romance in the midst of it all.
