

Whodunnit? Murder in Mystery Manor (Digital Picture Book)

British butler Giles has taken a job for three times his usual salary. He is soon to find out that he will forever be cursed and faced with allowing a group of unknowing people to meet a killer so maniacal and twisted that the murders are virtually motiveless. Giles welcomes ten guests to a luxurious estate where they will be embarking on a diabolical game of life and death. Giles, while on the guests side, is a leader who will get out of the way of the killer and stand by as one person in each chapter is murdered in an outrageous manner. For example, one murder is a choreographed shark where the guests have to retrieve the victims head from the sharks body. Another murder will be at the hands of a driverless car a la Stephen Kings Christine. After each murder, the rest of the guests will have their choice of investigating the crime scene, the body or the last known whereabouts. They then must present their account of the details of the murder. The two whose assessments are least accurate will not sleep easy, knowing one of them will be killed shortly and painfully. In the end, we will be left with the winner, the loser and the killer. The epilogue will set up Giles continued journey and Book 2.
